

***Over all position descriptions:
Flex-time Pet Sitter/Dog Walker or
Territory Manager Pet Sitter/Dog Walker***

We are a small professional dog walking and pet sitting company looking for dynamic, caring, conscience and trustworthy pet lovers to join our team. We pride ourselves on offering a very high quality service, and are looking for enthusiastic and reliable people who take pride in their work, have excellent people skills, and above all, love to spend time with pets! As a Flex-time employee you will be given a schedule and be expected to provide exemplary pet care as well as go on initial visits to meet our amazing pet owners to learn how they would like their custom pet care. As a Territory Manager you will still be given clients but you will also be expected to build your own territory. You will have a higher compensation with higher expectations, and will be more of your own boss. Basic requirements and job descriptions for both positions remain the same.

How We Work: Pet Sitting

Our Pet Sitting services are performed during mornings, midday, evenings and overnights during weekday and weekends, ESPECIALLY during the holidays.

We may take dogs on walks and also perform cleaning duties such as bending to clean pet waste, picking up the occasional mess and cleaning dog/cat bowls.

We play, baby talk and cuddle with our dogs and cats to provide a loving and safe atmosphere for them when their owners are not at home.

We are always aware of our own and the pet's actions to ensure the homes are secure and safe for the pet's to be own their own.

We text and take photos of our pets so the owners feel reassured that their furry babies are happy and safe.

How We Work: Dog Walking

Our Dog Walking services are performed generally midday weekdays, but can be morning or evening as well and on weekends. (During hot months walks generally take place in the early morning)

We take dogs on timed walks and follow accepted dog walking training procedures, but we always follow the owner and the dog's direction.

We have high-energy dogs of all breeds that may require a rigorous walk numerous times a week or lower-energy dogs that like to sniff and have a relaxing outdoor experience.
